PUBLIC COMMENT

Barb Selegue asked the trustees to look at Cherry Hill Road before winter.

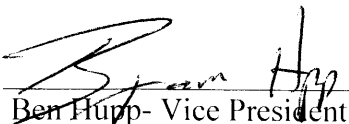

Dee Krier asked if the no soliciting signs that are posted on Carmel CT means the kids couldn't sell their school fundraising items. Trustees explained that the no soliciting applies to door to door salesman not school fundraising.

Dee also asked about the zoning in Brownsville. She said it was zoned S which means businesses can operate that have already been here but means new businesses can't come in. She is specifically questioning the property 15589 Main ST. which has a couple of tents set up and is selling antiques and used items. Barb Selegue, zoning inspector, said the area is zoned as business and there isn't anything in the current zoning resolution against what he is doing.

Will Kern said there has been some disparaging remarks in the past about the park committee and he would like to make a positive remark. He feels the committee has done several things for the community and he thinks it would be a good idea to have some positive remarks about the people that have volunteered their time. Trustee Watkins said he has been at the meetings too & he had the forms too when he ran it. Trustee Watkins feels they could take over caring for the yard and cleaning the building better. He also appreciates everyone that volunteers for the township.

Trustee VanBuren made a motion to adjourn the meeting. Seconded by Hupp. With business complete the board adjourned at 8:07 pm.
