Safety Don Watkins had an injury to his hand. Had an Xray and nothing is broken. Just swelling.

Fire Fiscal officer had fire contracts for next year. Trustee Hupp made a motion to accept and sign contracts. Trustee VanBuren seconded the motion.

Zoning: Zoning inspector Greg Reis reported. He did a lot split and a permit. Also sent out letters to residents with containers not in compliance. The squatter on the property on National Rd has been arrested but some one else has moved in. The property in Brownsville which used to belong to Richard Bogle is getting quite a collection of junk.

New Business: Residents present concerned about sandstone mining near the landfill. Trustee Hupp said nothing has been brought to the township yet. The owner would have to apply to the variance board and it is a long process to get a permit for mining. Several government agencies would be involved in the approval.

Unfinished Business: The new building shell is up and the interior framing has begun.

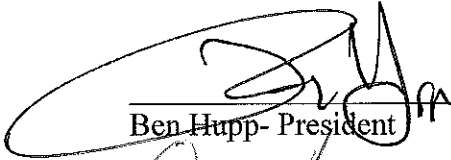

Trustee Hupp spoke about the court case with Middle West. Their attorney suggested going into mediation. Our legal representative Carolyn Carnes suggested we have a meeting with them. This meeting would not be open to the public. Two trustees and the appeals board chair would attend the meeting.

Public Comment BJ Cottrill asked if something can be done about the number of campers people are living in in Brownsville. Zoning inspector will look into it.
